

If You Thought You'd Seen It All... Wait Till You See Victory™!

The most colorful, realistic space game ever, comes alive! VICTORY™ takes you through colorful space combat on the BATTLESTAR, the most maneuverable spaceship in the universe! For each enemy squadron you overcome, a promotion (from Cadet to Flier to Squadron Leader... to its highest level, Ace) is awarded along with more powerful capabilities to destroy more powerful enemies.

Your mission: To destroy all enemy ships and, for bonus points, to prevent PARATROOPERS from releasing the deadly QUARKS from their land bunkers.

VICTORY™ also features Battery Backup Memory, complete Accounting Statistics, Software-Controlled Operator Options, Vivid Speech, Complete Self-Diagnostic Testing... and more! Contact your Exidy Distributor, or Exidy, for more information on how VICTORY™ can be yours!

VICTORY: Entering a New Realm in Video Games.

VICTORY™ SPECIAL FEATURES

Crisp, colorful graphics, with a clarity never before seen in a video game.

Complete Sound System, producing full, deep three-channel original musical soundtrack and sound effects. And for the first time, **Complete Speech**, with startling clarity, directed to the player as a copilot throughout the game.

Battery Backup Memory—Retains information when power is turned off, including **Entire Accounting Statistics** of the game, such as:

- number of coins accumulated
- number of minutes the game has been ON
- number of minutes played
- average game time and score.

Separately locking Door to Coinbox

Route Operator Features making one-man game transport easy.

Complete Diagnostic Tests, on power-up or manually, to isolate malfunctioning component.

PLAYER FEATURES:

Player Vanity Table: Including screen record of Highest Scores of the Day and All Time Highest Score.

Unlimited Fuel amount (operator selectable) with ability to refuel.

Control Panel with the following Eady original player controls:

Steering Knob

Commands travel and fire direction
256 possible directions on a raster display*

Thrust

Simulates the true sensation of motion
256 possible speeds†

Doomsday Device™

Destroys all enemies on screen
Very powerful but limited in number (operator selectable)

Shield

Makes player invulnerable to enemy threats
Unlimited shield time (operator selectable)

Fire

Unlimited ammunition supply
Increased weapon power when bonus level achieved

OPERATOR SELECTABLE OPTIONS

Eady's revolutionary VICTORY™ presents all options on friendly "screen menus", allowing the operator to easily design and tune a game to meet his needs. Options include:

Virtually Unlimited Coin Options including special bonus credit options. For example, 1 credit—1 coin, 5 credits—3 coins.

Vanity Table either preset to give players goals to compete against, or clear, permitting players to compete among themselves.

Game Play Options (the operator can specify any amount):

- First bonus score threshold and succeeding bonuses
- Amount of turns, doomsdays, shields, and fuel at game start
- First bonus awards (Turns, doomsdays, shields, fuel)
- Maximum turns and doomsdays permitted at one time
- Points awarded for keeping QUARBS in bunkers, for first level and successive levels
- Plus many more.
